Bill Cosby statue removed at Walt Disney World

-, 09.07.2015, 02:31 Time

USPA News - A bronze statue of legendary comedian Bill Cosby has been removed from Disney's Hollywood Studios, which is part of the Walt Disney World Resort in Florida, a park spokesman said on Wednesday. A reason for the removal was not given, but it comes just days after court documents revealed that Cosby testified in 2005 that he had obtained a sedative to give to women he wanted to have sex with. The court documents showed that Cosby admitted under oath in 2005 that he gave three half-pills of Benadryl to a former Temple University employee who had sued him for sexual abuse.

That lawsuit was settled in 2006 for undisclosed terms, but numerous women have come forward over the past year to accuse him of sexual assault.
